

# **LESSON 1: Severance From the Root Stronghold**

## **1.0 Text**

**Matt. 21: 2-5,**

**Mark 11:2-7**

## **2.0 Preambles**

The glorious entry of the Lord into Jerusalem underlines the prophetic deliverance and victory of the people He rules over. Every carnal man must yield to the Ministry of the Lord Jesus to receive the capacity to be free from the bounds and limitations set upon him by his nativity. We need to note that this deliverance process is initiated by the Lord himself in order to wean and win us to Himself. Every spiritual work with the Lord must primarily submit to this prophetic equation to be feasible to a glorious end in Him and with Him.

## **3.0 Discussion/ Interactions:**

- What is the prophetic allegory of the two disciples of Jesus sent to the village?
- What is the prophetic significance of the word “*village*”?
- What is the spiritual state of the *colt* in the *village*, by the Mark 11:4 account?
- Can we identify those who stood as the “*stronghold*”?
